

## Appendix 1

Date

2025-06-23

Reference

2024/1347

### Scope of accreditation

Testing according to SS-EN ISO/IEC 17025:2018

|          |          |                      |             |
|----------|----------|----------------------|-------------|
| Sýni ehf | Akureyri | Accreditation number | 1701        |
| Akureyri |          |                      | A000173-002 |

### Microbiological analysis

| Technical area | Parameter  | Method                              | Material       |
|----------------|--|-------------------------------------|----------------|
| Food analysis  | Aerobic microorganisms 30°C                            | NMKL 86, 2013                       | Food           |
|                | Coagulase positive staphylococci                       | NMKL 66, 2009                       | Food           |
|                | Coliform bacteria                                      | ISO 4831:2006                       | Food           |
|                | Listeria monocytogenes, qualitative                    | NMKL 136, 2010                      | Food           |
|                | <b>Listeria spp, qualitative</b>                       | <b>NMKL 136, 2010, mod</b>          | <b>Food</b>    |
|                | Presumptive Escherichia coli                           | ISO 7251:2005                       | Food           |
|                | Salmonella   | NMKL 71, 1999                       | Feed           |
|                |  |                                     | Food           |
| Trichinæ       | Thermotolerant coliform bacteria                       | ISO 7251:2005                       | Food           |
|                | Trichinella  | <b>EN ISO 18743:2015/AMD 1:2023</b> | <b>Meat</b>    |
| Water analysis | Coliform bacteria                                      | ISO 9308-1:2014                     | Drinking water |
|                |  |                                     | Fresh water    |
|                | Escherichia coli                                       | ISO 9308-1:2014                     | Drinking water |
|                |  |                                     | Fresh water    |
|                | Total count of culturable micro-organisms 22°C, 3 days | ISO 6222:1999                       | Drinking water |
|                |  |                                     | Sea water      |

## Appendix 1
